## **Asteroid Mining 101 Wealth For**

Book review for "Asteroid Mining 101"  
Date of this review: 03 FEB 2015 The book itself is high quality and has clear, easy to read text and many color illustrations. The book is a follow-up of Mr. Lewis's earlier book "Mining the Sky" but the information here is much more complete, updated to what is known in 2014, and is much more technical.

## **Asteroid Mining 101: Wealth for the New Space Economy ...**

Overall, Asteroid Mining 101 is a good discussion about the resources that are available in asteroids and how they could one day be extracted. In that intersection of planetary science and commercial space, though, it's more the former than the latter, including a long appendix going into great detail about the various kinds of meteorites found on Earth.
