### Chinas Industrial State Owned Enterprises

This is a list of state-owned enterprises of China. A state-owned enterprise is a legal entity that undertakes commercial activities on behalf of an owner government. Their legal status varies from being a part of government to stock companies with a state as a regular or dominant stockholder. There is no standard definition of a government-owned corporation or state-owned enterprise, although the two terms are often used interchangeably. The defining characteristics are that they have a distinc

### State-owned enterprises of China - Wikipedia

As non-state-owned small industrial firms (annual sales smaller than 5 million RMB) are excluded from the survey, this is a biased sample. However, enterprises covered by the survey in total account for almost 90 percent of total industrial value-added, suggesting this dataset is good enough to give a big picture of the overall developments.
