The Correct Way to Peel a Banana: Often times people peel bananas from the stem down. This causes them to bruise and get mushy after a few attempts. Monkeys do not peel bananas like this. They peel them from the top down. Here are some steps and images to explain the process.

The Correct Way to Peel a Banana : 5 Steps - Instructables

In the fertile mind of artist/sculptor Saxton Freyermann, a cauliflower is a poodle, an artichoke is a wolf, a banana is an octopus, and a pumpkin is just about anything. Fruits and veggies - meticulously carved, then photographed - are his special gift to the bountiful world of children's literature.
