## **Amazon.com: Principles of Violin Playing and Teaching ...**

Very useful book, if I teach someone when I finish my studies, I hope I will leave an impression like him on my students. His way of teaching is something that not many teachers have (having had about a dozen teachers since I've started playing the violin)and it shows that he has a lot of wisdom for everything that he says is very logical but not many people know.

two distinct categories of values. One of these can be called the absolute or unchangeable values and the other, the relative or changeable values. As the name implies, the first category is not affected by alterations of circumstances, whereas the second category may be modified or varied by the style of the period, a change of locale, or the taste of the performer.

Violin playing is a complex mental and physical activity, and to learn it well demands the ability to focus on many small details as one trains the ear and the hands. This book is not really intended to be a self-tutor so much as a reference for the teacher and the student who is advanced enough to understand what Galamian is saying.
